ABOUT THE INTERNATIONAL MARKET OF CONTEMPORARY CIRCUS

The International Market of Contemporary Circus (MICC), produced by TOHU, brings together professionals committed to the creation and dissemination of contemporary circus from around the world. MICC is the largest network for circus arts distribution and circulation in North America. It plays a key role in positioning Montréal as the international capital of circus arts, shining a global spotlight on the city's creative circus scene and its one-of-a-kind Cité des arts du cirque.

Throughout the year, MICC connects more than 1,000 contacts. At the 2025 Annual Market, 285 professionals from 17 countries attended, including nearly 100 performing arts presenters.

This year, from July 6 to 9, during the MONTRÉAL COMPLÈTEMENT CIRQUE festival, MICC will host the 12th edition of its Annual Gathering. These four days provide North American, European, and international presenters from all disciplines a unique opportunity to meet, connect, and discover artists and works from around the globe.

Participants will enjoy a broad range of activities : professional and artistic events, round tables, pitch sessions,
and more.

ENJOY EXCLUSIVE VISIBILITY DURING THE ANNUAL MARKET

Each participant receives a welcome kit with a must-have catalog to guide them through the four days. Activities are hosted across various festival hubs, each offering physical (banners) and digital (TV screens) advertising opportunities.
